**Newsletter**

**July 2023**

**Participants engage in activities at the MSU Planetarium after learning about the Solar System. Later they engage in putting together a Sill Byrd Solar Robot.**

Below participants continue to work on the Sill Byrd Solar Robot and activate the robot with heat from a light bulb. The program ends with a fun day at DEFY, Trampoline Park enjoying such activities as crawling through the cage of balls, pretending in a space ball, and overpowering the associate director at the battle beams.

The Greer Center, a nonprofit organization, serves the community through the generosity of people like you. Please help us with a generous donation today.
