***Serving Lansing Area Families and the Development of Underserved Youth***

### **Newsletter**

**June 2023**

**Greer participants learn about vegetation planted in the MSU garden, how plants use energy, & the importance of plants in our lives and the ecosystem.**

Participants are instructed in programming their robot to travel in an oblong circle by using a drawing on paper. It's a trial and error process, but eventually success by a couple of participants is encouragement to others to keep trying.

Thank you for your interest, encouragement and support.
