Serving Lansing Area Families and the Development of Underserved Youth

Newsletter September 2023

Greer Center activities extend beyond the activities for our youth. Concerned about the environment and keeping it clean for our kids, the staff volunteer to maintain the grounds around the classrooms. The Director, Mr. Bennie, Associate Director, Mr. Trayvon, and Greer Board Chairman George Stockman cleared the weeds and debris surrounding the Greer Center Modules. At another event, staff & participants join together to clear the trash from the River Trail near the Turner Dodge House.

September kicked off the 2023-2024 program year with the first activity at the MSU Plant & Biology Department. The spread of delicious fruits and vegetables is an education on nutritional value. Participants learn about vitamins, proteins and minerals in the fruits and vegetables. They enjoy tasting the plants before MSU Graduate Students instruct them on how to extract DNA.

Learning continues with an interactive game in Programming. Participants have fun while learning the basics of computer programming or coding.
